Notice Extraordinary!

WE WOULD NOTIFY the merchants and the public generally in the Western States that the Match Manufactory of R. W. PIERCE & CO., Milwaukee, Wis., is in full and successful operation, notwithstanding the declarations of a match concern in Detroit, Mich., that our establishment had burned down—that R. W. Pierce & Co. had failed—that no more R. W. Pierce's matches would be seen in market, &c. &c. We are well aware that all such assertions will in due time recoil with bad effect upon the party who originated them, and what we wish is, that the public should be set right in this matter. We now have facilities for manufacturing matches as cheap, or cheaper than any other establishment in the West, and as to the quality, we will leave those who have used them for the last thirteen years to be the judges, and will only remark that our business has increased from less than $1000, in 1844, to more than $60,000, in 1856.

All orders for matches promptly filled.

THE DAILY SENTINEL.

MILWAUKEE:
Tuesday Morning, May 5.

"Developments of Know-Nothingism."

The *News* of Sunday preaches a short sermon upon the above text, mainly designed to deceive and mislead our foreign-born electors. We quote a specimen paragraph:

> The Republicans are likely to keep faithfully their engagements with the Know Nothings.—Single-handed the proscriptive (falsely called) American party was unable to carry on a successful opposition to foreign born citizens; but linked with the Republicans they do not altogether fail. Some things that the people spurned, when presented simply as Know Nothing dogmas, are carried by the other wing of the opposition to Democracy, under the more specious colors of freedom. Thus, in Connecticut, was the fusion able to enact a law that *no foreign born citizen* shall vote unless he be able to read and write in English; and hence it is that Massachusetts is now attempting the same game.

This is a deliberate misrepresentation. No law has been enacted in Connecticut, or Massachusetts, providing "that no foreign born citizen "shall vote unless he be able to read in English." The requirement is, that "no person shall have the right to vote, or be eligible to office under the constitution of this commonwealth, who shall not be able to read the constitution in the English language, and write his name."

This applies, it will be seen, equally to native and to foreign born citizens. Neither class is singled out for "proscription," but the same qualification is required of both and the uneducated American, who cannot read or write, is worse off, in fact, than the educated foreigner, because the latter can much more readily learn to read English and write his name.

Of the justice or policy of this requirement we have serious doubts. A man, native or foreign-born, may be perfectly competent to vote, who cannot read or write; while is is notorious that there are thousands who *can* read and write, that are not fit to vote. The *News*, however, does not discuss this question, but harps upon the law as a blow aimed at foreign-born citizens, and seeks to turn it to political account. Hear its hypocritical appeal:

> At the last election many of our foreign born citizens were drawn into the support of the very men who, now that they have temporarily done using them, turn about and in the manner we have seen seek to crush them. Citizens of foreign birth! what think you of this? Do you of the West—of Wisconsin—need further evidence of the oppressive objects of the Republican party? See the inconsistency of these men. In one breath they screech of liberty and equality of citizenship—(for the negro!)—and in the next moment cry, Down with the voters of foreign birth—proscription, and not equality, for the naturalized citizen. To such voters we say, Come out from the foul party; array yourselves, with your friends, on the side of Popular Rights and the Union of the States.

We doubt whether this polite invitation to our Adopted Citizens to abjure their honest Republican sentiments and take service under the banner of Sham-Democracy, Pro-Slavery and Know-Nothingism, will be very generally accepted.—The *News* cannot obtain help from that quarter, on such manifestly false pretences. Adopted citizens can see the cat under the meal. They will detect, in the first place, the cool misrepresentations of the *News* about the law in question, and easily fathom the motives which prompt its canting and hollow appeal. They know, in the second place, that whatever be the action of Republicans, in some localities, the Republican Party, as a National Party, stands on the broad Platform of EQUAL RIGHTS to men of all climes and creeds; and that throughout the North-Western States, in particular, no proscription for religion, or birth's sake, is the established Republican doctrine and practice. Above all, they have not forgotten that at the very last session of Congress, a "fusion" of Know-Nothing and Democratic Senators voted to *disfranchise* all foreign born residents of Minnesota, who had not taken out their full papers, while the Republican Senators, to a man, opposed and helped to defeat this proscriptive requirement. Lastly, they have before their eyes vivid and enduring proofs of the innate hostility of the Democratic and Know-Nothing fusion, to their political rights and interests, in the *bogus* legislation of Kansas, whereby they are deprived of the right of suffrage, until they become citizens. With all these facts fresh in their memory, Adopted Citizens will hardly consent to desert the REPUBLICAN Standard and the Cause of Equal Rights, Equal Liberty, Free Soil and Free Labor, to join the party of SAM and SHAM, of proscriptive Know-Nothingism and pro-Slavery Democracy.

UNDER "CONVICTION."—The *American* of yesterday, in the course of a curious political autobiography, thus explains its recent change of coat and colors:

> We purchased a K. N. paper, and run up Republican colors, and fought the Republican battle from conviction till defection in the principles of that party destroyed it—body and soul—and left it a prey to Abolitionism and its venal and corrupt exponent in this city; then, conviction drove us back to our former position—Democratic—from whence the bulk of the Republican party sprang!

We learn from this that our brother of the *American*, was an "original democrat;" that "under conviction" he joined the Republican party; and that "under conviction" he has relapsed and gone back to "democracy" again. But if the *American* abandoned the Republicans because it don't like the *Free Democrat*, there is ground for apprehension that it may return to us, out of the sheer spite at the *News*. There seems to be a coolness between these rival organs of the Sham Democracy, ill-becoming brethren of the same faith and family. Lest it should terminate in a similar rupture to that which recently severed the connection between the *American* and *Free Democrat*, we tender our services as mediator between the belligerent parties.

WISCONSIN FARMER.—The May number of this excellent farmers' monthly contains, besides the usual amount of interesting matter, the premium list for the State Fair, which is to be held at Janesville, on the 29th and 30th of September, and the 1st and 2d of October. It also has a drawing of a mill for expressing the juice of the Chinese Sugar Cane.

FRAUDULENT TICKETS.—The Legislature of New York, at its late session, passed a law with severe penalties, against the outrageous frauds perpetrated in New York and other eastern cities upon passengers coming west. It is to be hoped that the rascals engaged in these frauds will be forced into some more reputable business.

RACINE AND MISSISSIPPI RAIL ROAD.—We learn from the Racine Daily *Journal* of yesterday, that the "break" in the track of the Racine and Mississippi R. R., occasioned by a sink-hole, was repaired on Saturday last, and that trains now pass over the road without change, or detention.

A SUIT SETTLED.—The Madison *Patriot* announces that the long pending suit between Messrs. HUNGERFORD and CUSHING, which has figured so often in the Judicial records and not infrequently in the politics of this State, has been settled upon terms satisfactory, as well as profitable, to all the parties in interest.

WESTERN ADVERTISING. — The McGregor, Iowa, *Times*, contains a full page of advertisements of Milwaukee merchants. They will find their account in thus making the acquaintance of the Iowa people.

LAKE PEPIN.—On Friday morning a steamer worked her way twelve miles into the Lake, but could not get through; it is probably opened ere this.

FOR LAKE SUPERIOR.—The propeller *Mineral Rock* left Detroit, on Wednesday of last week, for Lake Superior, with a full cargo of supplies.

Murder at Watertown!

We are indebted to Mr. C. SHEPARD, of this city, for the following particulars of a murder committed Watertown yesterday. The murdered man, and the supposed murderer, were from this city, both travelling out west somewhere together. Here is an extract from a private letter received here yesterday from the Sheriff of Jefferson Co., to Mr. SHEPARD:

> WATERTOWN, May 4th, 1856.
>
> This town is somewhat excited to-day, owing to a murder just committed here. Two Irishmen just from Milwaukee were travelling through in company, one of them was murdered, probably by the other for his money. The name of the murdered man is Dennis Dean, that of the other Edward Walsh. Both of them boarded at the Clinton House, in Milwaukee. The supposed murderer is arrested. $390 were found with the murdered man.

THE LATE WILLIAM A. WHITE.—The body found near the Lake shore, above the North Point, on Friday last, has been recognized as that of WILLIAM A. WHITE, of Madison, who has been missing ever since October 7th. The body was so much decayed that it was only through the clothing, watch, and peculiar watch-key, that it was finally identified.

A Coroner's Jury consisting of WM. A. PRENTISS, A. B. VAN COTT, J. E. MCCLURE, ROBERT CHANDLER, W. W. CASWELL and TIMOTHY O'BRIEN, was summoned yesterday morning, and after examining the body, and eliciting some facts concerning him, from his friends, returned a verdict that the said WILLIAM A. WHITE came to his death, on or about the 7th day of October, 1856, by means to them unknown.

It is generally believed that Mr. WHITE committed suicide, either under the pressure of pecuniary difficulties, or in a moment of mental aberration. The remains were placed in a metallic burial case and taken to Chicago for interment last evening.

Emigration from Europe.

The London Morning *Post* of the 10th of April, has a paragraph which betokens a new and immense emigration as about to invade the United States from Northern Europe. Norway and Sweden have already sent large colonies into this country, who have principally settled, so far, in the State of Wisconsin. They prove to be most valuable and exemplary citizens, sober, honest, industrious and intelligent. The letters of the first emigrants have reached home, and full information has thus been spread in a reliable form, among the masses in Norway and Sweden, The *Post* says:

> Information has reached this country that upward of 10,000 Norwegians will proceed from Norway to Quebec during the present summer. Several of these will remain in Canada, but the larger portion will pass on to the North-western States of America. Sir Cosack Ronet has left England for Christiana to make arrangements for the transit of these persons from Quebec to their destination.

LA CROSSE & MILWAUKEE R. R.—JULY DIVISION.—The New York *Tribune* of May 1st, in its money article, says that the Directors of the La Crosse & Milwaukee Railroad, have resolved not to make any stock, or bond dividend, but to divide the earnings in cash, or not at all.—The July dividend, it has been informally decided, is to be 6 per cent. in cash; and it is believed that semi annually dividends of 6 per cent. can be permanently sustained.

STEAMER TEMPEST SAFE.—The Montreal *Herald* has received advices from England that the steamship *Tempest*, concerning the safety of which fears were entertained, put into one of the Irish ports, after having been dismasted and otherwise injured in a gale.

TEAMS AND MEN WANTED.—The contractors on the section of the Milwaukee and Horicon Railroad between Ripon and Berlin, advertise for 300 laborers and 50 teams immediately.

Correspondence of the Sentinel.

Lake Winnebago Open!

FOND DU LAC, May 3d.

MESSRS. EDITORS:—The steamer *Pearl* arrived here this evening from Oshkosh. She met considerable ice in the Lake, but with one change of wind the ice will go, being pretty soft.

Capt. SHERWOOD.

BREAK IN THE ILLINOIS CANAL.—The Chicago papers of yesterday publish the following despatch:

> OTTOWA, May 2d, 1857.
>
> *Chicago Tribune*:—Aqueduct gone away.—Drawing off the water. Probably take a week to repair it.
>
> G. B.

RICHLAND COUNTY.—The Richland County *Observer*, in giving a list of the stations on the Milwaukee and Mississippi Railroad, thus speaks of LONE ROCK, 143 miles from this city, and of the adjacent parts of Richland County. The *Observer* does not exaggerate in its description of the beauty and fertility of the region referred to:

> Lone Rock is in the south-east corner of Richland county. The distance from this station to Richland Center, the county seat, is about fifteen miles. The road lies in one of the most picturesque and beautiful valleys in the State. This valley offers great inducements for the construction of a branch Railroad, extending from Lone Rock to some point on the La Crosse Road. The whole distance is through a very fertile and productive region, and for more than half the distance, there would be but little grading to be done. The country is heavily timbered, and would afford a sufficiency of fuel for an age, and building material for centuries.
>
> Richland Center (the county seat,) lies within three miles of the geograpical center of Richland county. Its site is level and on the east side of Pine river, midway between the high ranges of hills, extending northward and southward. The village contains about 600 inhabitants—*three* years ago it contained *seven* families—but last year it took a start and has not ceased to go ahead since. Business men of almost every class are coming in, settling and building houses in it, but still there is room for more.

☞ In an article on the La Crosse Railroad, the Milwaukee *Sentinel* makes the following statement:

> An independent company has been incorporated to construct a Railroad from a point opposite Winona, to intersect the La C. & M. R. R. in the valley of the La Crosse river.
>
> This is something entirely new to the La Crosse people, and we should be glad to have the *Sentinel* explain it. We know of no such corporation, and even if there is it would only have an existence on paper, as the route is not feasible, unless the connection is made within two miles of La Crosse.—*La Crosse Dem.*

We had our information from one of the leading Directors of the La C. & Mil. R. R, and supposed him to be posted on the subject.

THE MISSISSIPPI STEAMER "MILWAUKEE."—The Cincinnati *Gazette*, of the 28th, says:

> The *Milwaukee*—the last of the Minnesota packets—left for St. Paul last night with a splendid passenger trip, and all the freight she wanted this side of the Falls. She went up the river a short distance, passing the levee gracefully, making excellent time, with pilot Hiram Reed at the wheel, and Capt. Hewitt in command. Among her passengers we notice Captain Orrin Smith, President of the line, who has been here several months superintending the construction of five new steamers for the Minnesota Packet Company—the most complete and best finished boats on the Upper Mississippi.

ARRIVALS AT LA CROSSE—BUSINESS &C.—The La Crosse *Democrat* says that up to the 28th there had been 72 steamboat arrivals at that place this year, against 38 last year. The *Democrat* says:

> Our streets are full of strangers—our hotels are crowded—our real estate operators on the *qui vive*—our mechanics busy, and there is plenty of business for more—no honest day laborers are idle—money still draws 5 per cent. a month—our bachelors are growing more social, and the few old maids in our midst are brightening up—and the ladies generally are lovelier than ever.

We notice that Mr. Jacob Wratten is building a house for the protection of the Government Life Boat, on the North side of Dutton & Raymond's warehouse. It is to be fitted with ways to launch the boat directly into the Lake.—*Racine Journal.*

Here is a good example for Milwaukee. The Government Life boat at this port ought to be similarly fitted and protected. Whose business is it to attend to the matter?

Reported for the Sentinel.

Common Council—Special Meeting.

MAYOR CROSS PRESIDING.

MILWAUKEE, May 2, 1857.

A number of accounts were presented, and referred to appropriate committees.

Alderman Prentiss presented a petition from G. W. Clason in relation to a special tax for paving in part of East 20 ft. of the W. ½ of lot 6, Block 10 in the 7th Ward, which was referred to the committee on taxes.

Alderman Greve presented a petition from C. Herman and others, praying that the bayou in the 7th Ward be declared a public nuisance. Referred to committee on 7th Ward. He also presented a memorial from several citizens of the 7th Ward asking permission to establish a market for the sale of vegetables on the east side of the Market House. Referred to local committee of 7th Ward.

Alderman O'Brien presented a memorial from many citizens asking the Common Council to pass an ordinance to compel all vessels having occasion to pass through any of the bridges within the city limits, to employ a steam tug. Referred to Judicial committee and City Attorney.

Alderman Mallory presented a memorial from Gen. S. B. Grant and others, praying the Common Council to appoint a Harbor Master and recommended as such James Nugent. Referred to Judicial committee and City Attorney.

Alderman Keuhn, from Finance committee, read a report recommending that a building to be used for a Watch-house, be erected on Main street, south side of the Engine House on lot 5, in block 10, in the 7th Ward, to cost $2,200. Adopted.

A communication from City Comptroller stating that he had executed a note for $5,129,00, payable two months from May 1st. Read and approved.

Ald. Mallory, chairman of select Committee, appointed to select suitable rooms for Common Council and City Offices, read a report stating that the committee, of which he was a member, had examined the rooms previously suggested, over the present one, and that the committee considered these rooms unfit, and that they had also examined the new hall in Mayor Cross' building, on the corner of East Water and Huron Streets, and the committee recommended that this and the rooms adjoining it, be leased for a term of 5 years. Here rather a spicy debate arose as to the term of years. Aldermen Greulich was in favor of issuing $40,000 in City Bonds, for the purpose of erecting a Court House, sufficiently large for the Common Council, City Offices, Police Station, &c.; but Alderman Taylor happened to think differently, as did also the larger portion of the members present. Alderman Mallory stated at length the advantage of renting those rooms, as a new building could not well be finished in much less time, and if it even did, the rooms would certainly rent for more a few years hence, so that the city would lose nothing by it, but rather gain. The rent for the Hall and other rooms in the same building, for City Clerk, Comptroller, Treasurer, &c., is $1500. The report was approved.

A resolution was adopted that the above rooms be leased for a term of 5 years.

A report approving of H. Kaentell's platt in 9th Ward, confirmed.

Resolution adopted that all the Street Commissioners present contracts to City Comptroller.

ITEMS FROM THE PINERIES.—The *Central Wisconsin*, published at Wausau, Marathon Co., contains the following, among other items, in its issue of the 28th ult.:

☞ At the recent election the village and town of Wausau polled 245 votes, of which 214 were for Whiton, and 25 for Cothren. But a small part of the voters attended the election.

☞ The season for lumbering the past winter and fall, proving unfavorable, there is not as much lumber in the river, and as the mills ready for market, as usual. Lumbermen say that the prices in the Mississippi river market have got to advance.

☞ A large proportion of the lands of Marathon county, are now subject to entry at one dollar and twenty five cents an acre.

☞ Extensive preparations are making for building here this season. Carpenters will find plenty of employ here at good wages, and the best of pine lumber to work. At present there is not half enough in the country to supply the spring demand. Come on with your "tool chests" and help build up our "city of the forest."

☞ The ice is still firm in the river, most of the distance between this place and Stevens Point; and rafts will, probably, not run out before the first of May. The oldest inhabitants of the Pinery never knew the spring more backward.

☞ Our town presents quite a lively appearance. The boys are parading the streets, in their red shirts, and making every preparations for rafting. Our merchants are rapidly selling off their goods and the carpenters are preparing their bills for the summer's business.

ALARMING DESTITUTION.—We learn as we go to press, from a gentleman who has been in Gratiot, Tuscola and other northern counties, that many of the people are in a famishing condition, and are subsisting on *boiled oats* alone. Is it not best to have a public meeting to devise means to relieve this terrible suffering?—*Detroit Tribune, May 2.*

MORE INDIAN DEPREDATIONS.

Fort Dodge Surrounded.

FORT DES MOINES, IOWA, April 27, '57.

To the Editors of the Missouri Democrat:

For some days we have been startled from time to time, by rumors of a threatened attack upon the settlers on the Upper Des Moines, which might prove a sad sequel to the bloody scenes enacted near Spirit Lake, with which the papers have lately been filled, but nothing sufficiently well authenticated has heretofore transpired to excite any considerable attention.

Yesterday morning, however, an expressman arrived from Fort Dodge, to procure ammunition and assistance, to defend the place, stating that a body of from 500 to 800 Sioux Indians were advancing upon the place, being within fifteen miles when he left.

Rumors were current in town last night that on Saturday, at 11 o'clock, bodies of Indians were seen crossing the Des Moines River, in the immediate vicinity of Fort Dodge, and fears are entertained that the place has been attacked before now.

If the attack has been made by the force stated, well armed as the Indians are represented to be, there were not enough men nor sufficient ammunition in the place to withstand the fury of the savages even for a short time.

Yesterday several families arrived in town from the country, thirty or forty miles above here, having tumbled a few clothes and the women and children into an open wagon, and beat a hasty retreat, leaving their houses and stock uncared for. From all this, it is apparent that, whether any hostilities are really to be feared, yet the panic is not less great than it should be, were the Indians really in our midst.

Companies have already been formed in the villages north of this, to go to the relief of the besieged districts, and while I write, the drum and fife are sounding for recruits from this place.—Two companies are likely to be formed here, one from each side of the river. The munitions of war have been sent in advance by special messengers, and probably two hundred men will leave in as hort time.

One company has already gone from Boonesboro', headed by his honor Judge McFarland—he that flourished at the democratic nominating convention at Cincinnati, last summer, under the soubriquet of the "*hairy man of the west*"—and it is a reasonable inference, that a man who could gain that distinction from the great assemblage of the "unwashed," would prove a terror to "Injuns."

I write in haste to send this by the good steamer Alice, now here on her third trip of the season, having been the first to arrive after our break-up in the spring, reaching this place on the 28d of March.

Though the water has fallen some five feet, she still arrives on time, and her commander Capt. W. H. Farris, informs me he intends to continue in the trade for some time yet, probably till the last of June.

The "Col. Morgan" arrived direct from St. Louis on Saturday.

Promising to keep you fully posted of the earliest reliable information from the seat of war, I remain, very truly yours, S. V. W.

Matters in Kansas.

QUINDARO, KANSAS, April 27, 1857.

Frederick P. Stanton, acting governor of this territory until the arrival of Governor Walker, was in Lawrence a few days since, and having gathered a crowd of people in front of the Cincinnati House, he proceeded to mount a platform, and to make rather egotistical declarations for the space of about two hours, frequently interrupted by questions and remarks from the assembled multitude.

He wished it distinctly understood that he was acting governor of Kansas, and during the term of his administration in that capacity, he was determined to see the "laws of the territory faithfully executed," including an act, the provisions of which provide for taking the census, the election of delegates to a constitutional convention, and the "formation of a constitution and STATE GOVERNMENT.

He also stated, that the "TAXES" should be paid by the people; and if necessary the whole force of the United States Government would be brought into requisition to enforce the collection. One Wilson Shannon and one Daniel Woodson, Mr. Stanton's predecessors, used to indulge in about the same kind of talk, without much influence upon the squatters. The laws of the bogus legislature have never been enforced, notwithstanding the hundred and one threats made to that effect; and whether Mr. Stanton succeeds or not, remains for the future to prove. A government, the creature of a mob of non-residents, cannot live long and be in force, with the people arrayed against it, determined on a repudiation of its mandates and its presumed authority. The will of the people is supreme, and to it Mr. Stanton and his confererates must succomb.

The first district court of this territory is now in session at Leavenworth, the infamous Jeffreys and Scroggs of Kansas, Judge Lecompte, presiding. Frederick Emery, recently appointed to an important position in the land office, is now on trial before that court on an indictment for MURDER! He is also indicted for HIGHWAY ROBBERY. Yet, notwithstanding the two indictments, "Mr. Buchanan, the friend of free Kansas and sabbath schools," has seen fit to give him an important and responsible office. On the jury that is to decide the case of Emery, are Colonels Paine and Clarkson, postmaster of Leavenworth city, and both under bonds to appear for trial, before the same court, on indictments for MURDER and ROBBERY, found by the grand jury last winter. With such men as jurymen, Emery, the murderer of Philipps and Blimmerton, in cold blood, and in such a court, is sure of an acquittal. Murderers and highwaymen sit in the jury boxes in Kansas, when one of their number is to be tried.

Jacob Cody, a member of the Topeka constitutional convention, was driven from his home last summer by Emery's banditti, exposed to the weather for nights and days. He contracted a severe cold, from which he never recovered, but died a few days since, another victim to the murderous spirit of [illegible] Emery, who would not risk himself in a fair fight with his opponent, but preferred to take men when alone, and murder them in cold blood. And such ruffians has Buchanan selected to fill the federal appointments of the territory. This is "Buchanan and free Kansas" with a vengeance. Yours, SYNTAX.

P. S.—The Ocean, New Lucy, Emma and Watoss, arrived to-day, with about five hundred passengers, and heavily ladened with freight.

STEAMERS AND FREIGHTS.—Arrivals of boats bound up from 23d, to the morning of the 30th, having merchandise for this port, 27. Where no freights are delivered, we cannot record them. amount of river freights 294,860. The Ferry Packet Alexander McGregor, running in connection with the Milwaukee & Mississippi Railroad, has delivered in the care of Wilkerson & Co., McGregor, 34,500, making our receipts for the week, 339,360. In addition to this a large amount of merchandise is received weekly that is freighted in *bulk*, and we cannot learn the weight—other outside amounts are taken from the steamers direct and are not reported.

Most of the steamers returned from the foot of the Lake but there had accumulated at Reed's Landing on the 27th, *Twenty-eight boats* waiting the moving of the ice.—*McGregor Times.*

☞ THE WHEAT CROP.—We learn that the wheat has not suffered much from the extreme cold weather of the past winter. Owing to the lateness of the Spring, it is not as forward as usual, but offers to be full as vigorous, and in the opinion of good judges will quite equal the yield of any former season.—*Horicon Argus.*

Some Facts about Mormonism.

We have had a number of interviews with Hon. W. W. Drummond since his arrival in this city from Utah, and have learned much from him of the manner in which affairs are conducted in that modern Sodom. Judge Drummond expresses freely his belief that the design of Brigham Young and the Mormon leaders generally is to build up a sovereignty in Utah, acknowledging no allegiance to the Constitution and laws of the United States. Even now the Mormons draw a broad line of distinction between themselves and American citizens. They glory in the appellation of Mormon, while American is a term of reproach among them, synonymous with "Gentile."

HOW GOV. YOUNG EXERCISES THE PARDONING POWER.

Judge Drummond states that all the monstrosities that have been published concerning the Mormons, and their acts, but feebly express the condition of affairs in that Territory. The first Court he held there was at Fillmore. It occupied fifty-nine days, fifty of which he was engaged in twenty-seven cases of prosecution. The juries only convicted two—*and before they went to prison Governor Brigham Young pardoned both of them.*

MURDERERS ACQUITTED.

Carlos Murray, a nephew of Elder Kimball, committed a cruel, cold-blooded murder, and fled. The Marshal—a Mormon—raised a posse and pursued him—arrested him, and brought him back. He was tried, and though the proof was as clear as could be, the Mormon jury—without leaving their seats—returned a verdict of *not guilty*, and he was acquitted! The arrest and trial of this man cost the United States Government $20,000.

THE WAY THE MORMONS FLEECE THE GOVERNMENT.

One way in which the Mormons fleece the United States Government is as follows: Some of the leaders will bring complaints against "bad Mormons" who, say they, we wish punished by the laws of the United States, so as to put ourselves right before the world. Warrants are made out, and as it is an Indian country, a posse—Mormons, of course—is raised to assist the Marshal—who ramble over the Territory, arrest them, bring them to trial, when they are acquitted by a Mormon jury. Meantime the bill of costs is sent in by the Marshal. In this way the Government is robbed of thousands of dollars.

A MORMON LEADER WHO KILLED SEVEN MEN.

Murder there is almost an every day occurrence. One of the chiefs of the church is a notorious fellow named Wm. A. Hickman. He has murdered as many as seven persons, and has never been brought to trial. The last man he killed was a Mormon, who would not promise not to sell goods to the "Americans." Hickman buried an axe in his brains. The murderer is the same person who figures in the scenes of which Bonney gives an account in his "Banditti of the Prairies." He has been tried for different offences in Hancock county, in this State before Judge Purple, always contriving to evade the law.

THE DESIGN OF THE MORMONS REGARDING THE INDIANS.

It is the design of the Mormon leaders to gain over to their side the chiefs of the various tribes of Indians—have them baptized into the church, and so possessed of the malignity of Mormonism towards the United States, as to make them hostile to all Americans, and in time, be able to use them to accomplish their own ends.

SEARCHING THE MAILS.

The mails of the United States have been habitually broken open and nothing could go out, or come into the Territory safely, unless by private carriers.

WIFE WHIPPING.

Whipping women is of common occurrence. Gov. Young's hired man whipped one of his (Young's) wives in his presence till the blood trickled down her back—*and that while the woman was within one month of her confinement.* The crime was disobedience to the laws of the church.

JUDGE DRUMMOND TO BE MURDERED BY ORDER OF THE CHURCH.

Elder Hyde (who has recently left the Mormons) stated that he and Hickman, (spoken of above) were set specially apart by the Danite band to murder Judge Drummond. The deed was to have been committed last July while crossing to Carson Valley. Hyde stated this publicly, before the Legislature of California.

BRIGHAM YOUNG INDICTED FOR COUNTERFEITING—DOUGLAS'S KNOWLEDGE OF THE FACT.

Judge Purple, of this State, informed Judge Drummond that at the time Fillmore appointed Brigham Young, Governor of Utah, two indictments were pending against him in the U. S. District Court for this State, for making and passing counterfeit money. Young was appointed Governor of Utah at the express solicitation and recommendation of Senator Douglas—*at the time these indictments were pending against him.* Douglas and Fillmore are the most popular men for the Presidency in Utah. This is the reason.

HOW A MORMON IS SERVED WHEN HE ATTEMPTS TO LEAVE UTAH.

Judge Drummond also informs us that when a Mormon makes up his mind to leave the Territory, he informs Brigham Young, who says, "Oh yes, you can leave. Pay up your tithes—don't steal anything—and then you can leave and go to h—ll." One man named Benbow, from Kenosha, Wis., resolved to leave Mormondom. He paid his tithes—paid all his debts—settled up his whole business, and started off, taking with him his cattle, goods, and wagons. He had not proceeded homeward, however, over 150 miles, when he was overtaken by a posse, who arrested him because of a debt which was stated to be unpaid. Benbow looked at the claim and stated that he never owed claimant a cent; but rather than go back he would submit to the imposition, and offered to pay the sum demanded. This was not sufficient—he must pay the costs, which he also at length agreed to do, by turning out some stock. But no—he must go back to Salt Lake City—such was the order. He had to submit—he went back, and his goods, cattle, and wagons, were taken next day and sold under the hammer without trial, without law—except the orders of the leaders of the church. He is now in Utah, without means to take him out of the Territory.

These constitute but a small portion of the relations made to us by Judge Drummond. Is it now true, as we said the other day, that a strong arm is needed in Utah?—*Chicago Dem. Press.*

Oshkosh—Its Condition and Prospects.

Our steamboats are prepared to do a large business and they will all be needed. There are eight steamboats owned at this place, all of which run from or to this point each day, besides one or two more owned at different places. During the boating season our docks present quite a city like appearance on the arrival and departure of boats. Emigrants from all parts of the world centre here on their way either to the north, via Lake and Lower Fox river; north west, via Wolf river; or west, via Fox river.

Our lumbering business is immense and increasing each year; acres of logs come down Wolf river are either used up at our mills, or are disposed of for the mills below us. The amount of lumber manufactured and the capital employed, in this city alone, would astonish even our own citizens. There are eighteen saw mills, running near one hundred saws altogether, besides shingle, lath and sash machines; two grist mills kept constantly going with custom work; two heavy foundries and machine shops; two large shops for the manufacture of agricultural implements, besides a host of manufacturing and mechanical establishments. Our population has increased from four thousand one hundred and eighty four, on the first day of June 1855, to over eight thousand at the present time, as ascertained by Messrs. Kohlman & Bro., who have been engaged in taking the census preparatory to getting out a City Directory. Take it all in all, Oshkosh is far ahead of any of its rivals, and is bound to take its position as the second city in Wisconsin.—*Courier.*

☞ FODDER is becoming scarce, and as several weeks must elapse before cattle can find their own living, it will, throughout this section, be pretty cleanly used up. The prophecy of last fall, that there would be a large quantity left over, proved premature.—*Horicon Argus.*

Special Notice.

HASSETT & CHAPMAN, 185 East Water Street, have just opened and would ask the attention of the public to an invoice of Camel's Hair Shawls and Scarfs, rich Stella Shawls, French Mantillas, elegant Silk Robes, Foulards, Parasols, Black Kid Gloves, and Mourning Shawls. The event of engrossing interest for the past week, was the opening of the straits. The steamer *Lady Elgin*, which wintered at Erie, was the first to arrive, on the 1st of May, the propeller *Ogdensburgh*, which came from Ogdensburgh this spring, following in two or three hours. Since then, the propellers *Potomac*, *Mt. Vernon* and *Cuyahoga*, had arrived up to last evening. The first and last bring cargoes from Cleveland, the other bringing goods which she had on board when stopped by the ice in the fall.

The opening of the Straits has given great activity to the shipping business, and as the above table shows, the amount of produce already sent forward is large. We have prepared the following table, showing the destination of the cargoes already cleared:

Recapitulation—For Canada, 6,220 bbls flour.

For Ogdensburgh; 3,800 bbls flour.

For Buffalo; 1,850 bbls flour, 160,702 bus wheat.

For Oswego; 8,207 bbls flour, [illegible] bus wheat.

Prices of flour, wheat and other grain, have advanced steadily during the week, and a brisk business has been done in the trade. The advance on flour is full 75c per bbl, on wheat 10a15c, on oats 10a12c, and 5c on corn, as will be seen by the figures below. Potatoes have also advanced considerably. Pork is held very firm at our quotations, and we shall doubtless note an advance next week, unless the supply, which has commenced coming from Cincinnati, should check the advance. The demand for the north and the upper Mississippi continues very lively.

As to wheat, although business is active, and parties are making all they can out of the present high prices, we note a general lack of confidence in the continuance of the advance. Advices from the east are thus far not very favorable for it, and buyers are cautious. One dealer yesterday offered two cargoes of club spring free on board on the 10th, without takers. The daily sales at depot, however, show that somebody feels confident in realizing large figures.

Freights have had their ups and downs. We quote as yesterday's rates, 13a14c for wheat to Oswego, and 8a9c to Buffalo.

We annex our usual Price Current, and money article:

FLOUR—An active demand, and large advance. Receipts from the country about 2,500 barrels. We quote superfine at $5,25a5,50, and hear of an offer from Chicago at $5,60; extra $6 00a6.75.

WHEAT—Receipts of 30,000 bus during the week. We quote spring at $1,12a1,19 and winter $1,20a1,35 according to quality, full 15c advance.

Sales of choice club were made at the La Crosse depot, yesterday, at 1,18, and for common 1,16½.

BARLEY—receipts very light. a good article brings 1,50a 1,55—prime 1,15a1,50—inferior slow of sale at 1,40a1,45

RYE—quick at 70a75—few sales reported, and light receipts.

OATS—active demand at an advance—we quote at 60a 62.

CORN—wanted at 65a70.

POTATOES—fair supply, and selling at 85a1 00—some export demand.

EGGS—better supply—we quote at 13a14.

Bull's Head Cattle Yard.

May 4th 1857.

About 75 cattle arrived, a falling off from last week; prices firm—a few good cattle sold a 5,25 per cwt—common 5 00.

HOGS—120 arrived—selling at 7c live weight.

No sheep in market—wanted at 6½ live weight.

Provisions are very firm, and the stock in the city is getting low. We quote prices same as last week.

No. 1 Mess Pork City Packed $24.

Prime mess $22.

Mess beef, per bbl, $15 00.

Messrs. Goodrich & Terry say:

MILWAUKEE, May 4, 1857.

Business for the week has been characterized by a good degree of activity, with sales at advancing prices for nearly all the staple articles. Sugars are decidedly higher, fair to prime being in demand at 12 to 13 cents, Molasses is scarce, and there is nothing in market below 75. High as these prices are, we believe they compare favorably for the purchaser with those of other competing markets, and are as low as the goods could now be laid down here, adding freights and expenses. Coffees have advanced about ½c.

We would take occasion to suggest to our merchants, the importance of *personal exertion* in the new field so recently put in communication with us. The regular tributary to the Upper Mississippi is increasing in population and wealth, with a rapidity unsurpassed by any section of the country, and dealers in these thriving new towns above Prairie du Chien, only require that the advantages of Milwaukee as a market, be properly represented to them, to turn their attention this way. Distance and freights are both in our favor, as compared with Chicago, and we *know* that there are many heavy buyers in La Crosse, Winona, Hastings and other towns in their neighborhood, ready to come here, if sufficient inducements are offered. The merchants of other cities are constantly working for that trade. Let not those of Milwaukee lag behind.

Money Market.

BANKING AND EXCHANGE OFFICE OF BRIDGE BROTHERS, }
228 EAST WATER ST., MIL. May 4, '57. }

Monetary matters for the past week have presented about the same aspect as heretofore, with this exception; parties having money to loan bring it forward more readily, still adhering to the old rates, and parties desiring to borrow grumble a little louder at their necessities. As the lake navigation is now open, we may expect more activity in both money and merchandize; yet the hope or desire for an easy market, can hardly well be realized. The best class of borrowers will probably reap a benefit from the commencement of spring trade, but their wants will be transferred to the less fortunate class of smaller operators, who, though responsible enough in their way, still will require facilities that their regular business will not afford. At the east money is tolerably easy on call, and short time, but we notice a stringency in the foreign market.

We append an abstract of our circular, copies of which may be had at our office.

Land Warrants are active. We quote, selling at an advance of two cents per acre over New York rates:

40 acre	warrants	$1,18
80	"	1,07
120	"	1,02
160	"	1,06

We guarantee all warrants we sell, in every respect, and shall pay particular attention to orders from the country.

Exchange does not vary from our last quotations, buying at 1 per cent; selling for Milwaukee city, New York and New England notes, and coin, ½ per cent, currency 1½ per cent.

Of the discredited banks, we refused last week, we will now take

Bank of Newcastle..........70 per ct dis

Warren County Bank..........20 "

With these exceptions, we are buying according to the summary below:

Uncurrent money is without variation. We are buying:

Solvent—Southern and Pennsylvania Banks, 2 to 5 per cent discount.

Erie City Bank 50 per cent discount.

More Arrivals.

The propeller *Mt. Vernon*, Capt. Bennett, which laid up last winter at Detroit, having been caught by the ice, arrived on Sunday, bringing such portion of her cargo as had not been forwarded by railroad.

The propeller *Potomac*, Capt. Gebhard, arrived yesterday from Cleveland, bringing a large cargo. She brought 250 bbls pork from Cincinnati—another freak in the way of trade, fully warranted by the scarcity here.

The propeller *Cuyahoga* also arrived yesterday from Cleveland, with about 100 tons merchandise for this port.

The Concert To-Night.

Madame LA GRANGE, assisted by several eminent artists, gives her *only* Concert in this city at the Hall in the Albany *to night*. She announces a tempting programme and will give a delightful entertainment. Madame La Grange ranks, as an artist, in the same class with Pasta, Sontag and Malibran. Her equal, as a singer, has never been heard in this city. She has a voice of great power and marvellous flexibility and she has been thoroughly instructed in her divine art. Her career, as Prima Donna, at the New York Academy of Music, was one continuous triumph and her recent Concerts in New York, Philadelphia, New Orleans, St. Louis, Cincinnati, Chicago, &c., have been a series of brilliant successes. She sings to-night for the first and *only* time in Milwaukee, and we cannot doubt that there will be a crowded and fashionable house to bid her welcome. Tickets and programmes may be obtained and seats secured at Hempsted's Music Store. Concert commences at 8 o'clock.

A MEAN SCAMP.—A fellow named Geo. Grille, better known as "Ginger," was arrested late in the afternoon, yesterday, and brought before the Police Justice, for insulting respectable females in the street. He was fined $25. This fellow has been arrested and fined four times, for the same offence, and it is hardly a year since he got a good sound cowhiding, for annoying a respectable family in this city. We thought that this was an effectual remedy, as he has kept quiet ever since, but it seems that his disease is periodical, and there is but one certain cure, namely, the State's Prison, where the fellow ought to have been sent long ago.

DR. BAIRD'S LECTURE THIS EVENING.—Don't forget Dr. Baird's Lecture this evening at the North Presbyterian Church. It is the fourth of his historical course, but not by any means the fourth in interest. The subject is the history of the Scandinavian countries, (Denmark, Norway and Sweden,) and of Great Britain and Ireland, with notices of Christian IV, Gustavus Adolphus, Charles VII, growth of the British Empire, Cromwell, &c., &c. This is a subject in which every admirer of history must have a deep interest, and will undoubtedly lose none of its beauty in the hands of Dr. Baird.

DRY GOODS.—Messrs. Chandler & Jennings, of the Metropolitan Store, No. 199 East Water Street, have something particular to say about Dry Goods, Rich Paris Dress Goods, &c., in our advertising columns this morning. Messrs. Chandler & Jennings are too well known to the ladies of Milwaukee to make it necessary for us to say anything in praise of them; to do so would be but "adding perfume to the rose." The Metropolitan Store is one of the institutions of our city, and a favorite resort for the ladies.

FIFTH WARD ALDERMEN.—The attention of the 5th Ward Aldermen is urgently invited to the street from the Menomonee bridge leading south, and from the Foundry to the engine house. It is in a disgraceful, and not only that, but a dangerous condition. We are told that it is intended to pave those streets, but meantime how is the immense travel to get through the quagmire. An expense of 100 or 200 dollars would put the streets in a safe condition, and for the honor of the ward, if for no other reason, it ought to be done at once.

WHOLESALE MILLINERY ESTABLISHMENT.—In our advertising columns this morning will be found the card of Messrs. J. H. Warner & Co. We take pleasure in calling the attention of country merchants and dealers, to the advertisement of Messrs. J. H. Warner & Co., who have a good business stand, well fitted up, in the Albany Building, on Michigan street, opposite the Newhall House, where they also carry on a large retail business. Ladies will find it to their advantage to give them a call before purchasing their millinery elsewhere.

CONCERT SALOON.—Messrs. Gardiner & Swaney have fitted up the Young America Bowling Saloon on Main Street in very neat order for a Concert Saloon.—They have employed a talented troupe of musicians and comedians, and will give musical and other interesting entertainments here every evening. Messrs. G. & S. will have everything conducted with propriety, and they mean to make this a favorite resort for those seeking evening amusements.

GERMAN CANARY BIRDS.—Mr. C. Heine, at Miller's Confectionery, East Water street, has a large assortment of Canary Birds, Goldfinches and Linnets, which he will offer for sale for one week longer, as he is going to leave the city after that time. Those who want to buy a good bird ought not to lose this opportunity.

☞ At the City Auction Room this morning, Wall has a great sale for some one who is retiring from business. By reading his advertisement you will see that he is going to have grand times the next ten days.

STEAMER ARCTIC.—This fine steamer will leave Kellogg & Strong's dock, in the river, for Green Bay, and intermediate ports this evening. For freight or passage apply to Kellogg & Strong.

Great Sale of 150 Lots in
PLANKINTON'S ADDITION.
THE SUBSCRIBER will offer for sale, at Public Auction, on the ground, on May 20th, 1857, one hundred and fifty of these valuable lots, situated in the most healthy and desirable part of the Ninth Ward, lying high and dry, and commanding a fine view of the whole city and harbor. This property is rapidly increasing in value, owing to the number of improvements now in progress or recently completed in this Ward, such as the handsome German Cathedral on Cherry Street, &c., &c. As these lots are very nearly on the grade established by the city, the expenses of the grading will be very light, although they are sufficiently elevated to render the drainage perfect. The streets are now being run cut and will probably be graded and the sidewalks built in the course of the coming summer. Maps of the addition will be furnished on the day of sale, describing the lots for sale, &c. The terms of sale are very easy, being one-fourth cash and the balance in three equal annual payments, with interest at the rate of seven per cent, per annum, ten per cent of the purchase money to be paid on day of sale. This is the last chance that will be given for persons to obtain any of these valuable lots at a low figure, as the balance will be withdrawn from market, immediately after this sale. The sale will commence precisely at 10 o'clock A. M., unless postponed on account of the weather. Omnibusses will run from the corner of East Water and Wisconsin Streets, on the day of sale, to convey persons to and from the ground, free of charge.

CALEB WALL'S ADV'TS.
CITY AUCTION ROOM.

CITY AUCTION ROOM.
LARGE and extensive sales takes place at this auction room, the next fifteen days, which is of great interest to all who attend auctions. One rule which I have adopted, and it will be carried out. I receive no goods on a limit. All goods offered are sold to the highest bidder for cash, or on 60 days for good endorsed Bank paper, with Bank interest. My rule hereafter will be, all sums over one hundred dollars, 60 days credit, which I guarantee to pay the cash. All sums under that, cash before any goods are delivered, and in no instance will I keep tickets on account of goods taken away—I must have all goods paid for. I have lost the last year about two hundred dollars by keeping memorandums and tickets. It has been forgotten by myself and also the purchaser.

The first sale which I have is on Tuesday next, May 5th which is a fine assortment of dry goods and yankee notions, and some clothing.

The next sale will take place, Thursday, May 7th, of a splendid lot of Carpets from New York city—some several thousand dollars worth.

The next and the largest and most extensive sale which I have had for a long time, is a Sheriff sale, entered by Sheriff Page, on May 18th, of an entire stock of goods complete. This sale will and must excite much interest to all who want goods. I will, in due time, give full particulars about the goods.

Well, the first sale is on next Tuesday—Five Thousand Dollars worth of Dry Goods, &c., &c.

City Auction Room.
ALL Goods sent to my Auction Room for sale, I will advance one-third cash on the amount. I have now employed an experienced and thorough business gentleman, Mr. Ayrer, who in my absence will attend to all matters connected with my Auction business. My object is to make the City Auction Room a thorough business house. I am sorry that I have not a better Room for my business, but I hope in course of time to induce my old and worthy friend, Mr. Eldred, to erect, or let me do it, a Block of stores on the corner of Wisconsin and East Water streets, which will go ahead of any we have now in our city, and I will of course try and keep the old corner. I will do my best where I now am, and will keep all Goods insured, it being the best stand for Auction business in this city. may2 CALEB WALL.

CITY LAND OFFICE.
A CHANCE FOR MONIED MEN.
WE will sell at auction on Tuesday morning next, to the highest bidder, lots 8, 9, 14, 15, 16, of block 93 in the 4th ward. This property is exceedingly beautiful, and it is thrown into the market now because a payment is due on it, which the owner is unable to meet. The terms of the sale are, therefore, CASH. Those who have the means and desire to make a good purchase are desired to inspect the lots. They are on the west corner of Fowler and Fifth streets. Sale positive.

Immediately after the sale of the above property we will offer Two Dwelling houses on Van Buren street, adjoining the new church on the corner of Biddle street.—These buildings are in the very best part of the city for private residences, and within three minutes walk of the post office. The street being high and of easy grade with sidewalks through its whole length, is especially sought after for dwellings.

The owner of this property is in bad health and wishes to leave the city. The price fixed on these houses is such that a purchaser can rent them at a rate which will pay over 11 per cent on the investment.
may4 OGDEN & WALL.

P. S.—The above sale is postponed until Thursday morning next, at 10 o'clock, at which time we will also offer a comfortable house in Plankinton's Addition, being Lot 9, Block 9. may5

Great and Extensive Sale of Lots in
Portage City, Columbia Co., Wis.
TWO HUNDRED LOTS.
THIS CITY OF PORTAGE is a very desirable place, and holds out great inducements to all who are now emigrating to Wisconsin. It contains a population of from ten to twelve thousand. It is handsomely built up, and has all the conveniences and comforts that any other city in the West has. There are already two Banking Houses and several Exchange Offices there. The city, in a few months, will have its Gas and Water Works. It contains as fine brick store houses and dwelling houses as you will find in any Western city, and its location and situation for business one can see at a glance on the maps. It has all the advantages of the navigation of the Wisconsin and the Canal. It will, in a short time, have from three to four Railroads. The La Crosse Railroad is now completed to Portage. In fact, I know of no city out of Milwaukee, which holds out such inducements and its prospects so flattering as Portage City; and I would say to all who have money to invest, and who are seeking a home, to go and visit Portage City and examine for yourselves. The La Crosse cars run there twice every day. The Lots which I am going to sell on June 12th, 13th and 15th, are choice lots and business property. Maps of the said City are now at the City Land Office, and any one who desires any other information as regards the said sale of Lots in Portage City, if they will call on me I will give them all the information they want. The list of lots I will publish in a few days. They will be sold on very easy terms.

INSTRUCTION.

SALOM'S
MERCANTILE COLLEGE!
A Perpetual Ticket for $25 !

GENTLEMEN desirous of acquiring a thorough Mercantile Education, are assured that the advantages presented at this institution are unsurpassed.
The Principal takes this opportunity to acknowledge the courtesy of several of the most distinguished Shipping and Jobbing Houses in the East, who recently allowed him to examine their books, besides explaining many original plans for economizing labor, which, adopted as in some instances after the experience of half a century, may be justly designated the *neplus ultra* of the art.
These advantages, grafted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great heads and ramifications of mercantile routine to be actually developed by the student. A perpetual ticket confers the privilege of instruction in Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence Forms &c.
The Surveying and Mathematical department is in progress during the day and evening.

LESSONS IN
Foreign Languages.

MR. AND MRS. E. S. M. DE CRETY, from Paris, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish Languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.
Gentlemen and ladies who begin to speak either of these languages, can receive lessons in Reading and Conversation, Mr. De Crety furnishing books of the best French authors. Those too wishing to learn vocal music in either of these languages, will find a competent music teacher in the establishment.
The hours of instruction will be from 9 to 11 o'clock A. M., and from 2 to 5 P. M. And in the evening from half past 6 to 8, for conversation.
Mr. De Crety will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evening, as also lessons in Fencing, the use of the Sword, and all military exercises. Persons of delicate constitution and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.
Mr. De Crety will also form similar classes for children, from 10 to 15 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.
The continued patronage of the public is respectfully solicited.

TO MERCHANTS.—Mr. De Crety will take charge of French correspondence to all the principal cities of France and will procure all Price Currents that they may want.

HARDWARE.

NO BLAZE! NO BURNT STEAKS!
No Smoky Kitchen!
ROBINSONS DOWNWARD DRAFT
GRID IRON.

"What though with lavish kindness
The Sirloin steaks are strown,
Some Bridget in her blindness
Will cook them hard as stones."

The author of the above lines should purchase one of Robinson's Grid Irons, and the poor Bridget would have something on which she could cook a steak as it should be.

[From the Boston Advertiser.]
A good beef-steak, well cooked, so seldom appears in the line of most men's lives, that we think a very great advance has been made in civilization by the introduction of a new *grid-iron*, which enables even a stupid attendant to cook a steak perfectly well. So great is the advance, that we gladly call to it the attention of our readers.
This new gridiron accomplishes three desiderata:
1. It saves all the gravy of the meat, none dropping into the fire.
2. It cooks the steak through, without burning the outside.
3. It prevents the passage of any smoke into the kitchen or house.
The grand result, as we are made certain by the judgment of many experts, as well as our own more fallible taste, is, that with less trouble, meat is broiled better than ever before.
